

Stephen A. Jennings
Public Health Director

For Immediate Release:

June 30, 2025

Public Notification of Suspicious Activity

Very early this morning, a City of Watertown resident was awakened at his home by a male individual stating he was an employee of the Jefferson County “Coroner/Medical Examiner” Office. This individual may have been seeking personal information.

The Medical Examiner (ME) Office is within the Jefferson County Public Health Service. No employee of the ME Office, or of any other program in the department, would ever present at a residence without a pre-arranged and mutually agreed-upon appointment. Additionally, all employees are required to carry an official Jefferson County ID badge.

Residents who are approached by anyone misrepresenting the Medical Examiner Office or any other Jefferson County Public Health Service program seeking personal information are requested to notify law enforcement immediately.
