The annual quantities listed in the bid specifications are provided as estimates only and will be used solely to identify gross sum bid. The contract between Jefferson County and the Successful Contractor shall be for quantities actually ordered during the contract period on an as-needed basis.

Ordering

The Successful Contractor shall process uniform requests from Department authorized personnel only. A list of those employees who are authorized to approve or place orders will be supplied to the Contractor upon award. Invoices which reflect orders placed by unauthorized personnel or include items not included in the contract award shall not be entitled to payment from the County. The Successful Contractor will supply only the items bid.

Delivery

If certain items require longer delivery schedules the County and Contractor shall negotiate a satisfactory scheduled delivery. All charges for items purchased shall be consistent with those submitted in response to this bid and shall include delivery to the specific Jefferson County Departments.

Samples

If requested, Vendors must provide samples at no charge if an item being proposed is different than the specified manufacturer/model/style referenced and must be submitted for every color requested. Samples must be delivered to the Jefferson County Purchasing Department, and shall represent style, quality, workmanship, construction, color and finish of the item being proposed. Descriptive literature of the item shall also be provided, but will not be accepted in lieu of actual samples. Jefferson County will not return samples provided by the vendor. If the vendor requests that samples be returned, it will be the responsibility of the vendor to arrange pick-up of the samples through the specific Jefferson County Department within 30 days of the bid opening date.

Quality

All items offered by the bidder must be of the highest quality consistent with the specifications herein. No factory seconds or irregulars will be accepted. It is understood and agreed that during the contract period, Jefferson County shall remain satisfied as to the quality of all items delivered under the contract. Where specified, uniform shirts shall be delivered with the appropriate patches and stripes sewn on in the proper locations. Patches and stripes will be supplied by the County.

Method of Award

It is the intent of the County to award based on the lowest overall cost of purchasing uniforms over a twelve (12) month period for each individual department. Measuring

All garments shall be made and fitted to the individual in accordance with the Standards as listed below:

1. There shall be no routine oversize charges with one exception; if an item is not normally manufactured, and it must be specially made, the cost of the item will be a direct pass-through from the manufacturer to the County. The vendor must be able to fit and furnish uniform items to both male and female personnel who require special sizes at the bid price.
